Camp Fire Snohomish County  
Overnight Camp Information Sheet

Thank you for registering for Camp K by the lake! To help you and your child prepare for a great camp experience, please review the following details. **Hold on to this paper – it is very helpful to refer to later!**

## **Our Camp Community**

Camp Fire Snohomish County and Camp Killoqua are committed to creating a welcoming, inclusive, and respectful community for all campers, families, volunteers, and staff. We believe every individual deserves to be treated with dignity and respect, regardless of background, identity, ability, beliefs, or life experience. At camp, we strive to help young people connect to the outdoors, to themselves, and to each other in a safe and supportive environment.

## **Balance of Fee**

Remember, the balance of your fee must be paid no later than two weeks prior to your session. No camp fees will be accepted at camp. If an emergency makes it impossible to pay before this time, please notify the office, or your deposit and reservation will be forfeited. You may pay your balance by check, ACH Transfer, Visa or MasterCard. A \$10 processing fee will be charged on all returned checks.

## **Open House**

We invite you to visit Killoqua on **Saturday, April 18** from 12-4 p.m during our Earth Day Event and Open House. Take a tour of camp and meet some of our staff. Your family will enjoy it and your child will benefit from it! No RSVP is required. No dogs are allowed at camp, so please leave your furry friends at home. If you would like a tour at a different time please contact us at camp, [killoqua@campfiresnoco.org](mailto:killoqua@campfiresnoco.org).

## **Health History, Medication & Wellness**

Our health history form is an online form included with your registration paperwork. Please fill out the form at least two weeks prior to your child's camp session. Please note: We *require* the date of the last tetanus shot. If medication is brought, it must be in its original container with prescription and/or store label. All medication is kept and dispensed by the nurse. While your camper is at camp, we will always call to notify parent(s)/guardians if a camper vomits, falls off a horse, is injured beyond minor bumps and bruises, needs to see a physician, or any other case where it would be helpful to keep the guardian in the loop on treatment or concerns.

Please help us keep camp a healthy place. We take many steps to encourage healthy group living while at camp, including frequent hand washing, use of hand sanitizer, regular cleaning of common spaces and disinfection of living spaces between sessions. Please contact us if your camper has any signs of illness. If you withdraw your camper prior to the start of the session we will do our best to reschedule their session to later in the summer or offer a refund to all moneys paid beyond the deposit.

## **Transportation / Directions to Camp**

#### What Not To Bring

There are many reasons why we ask that campers not bring cell phones\*, pets, candy, soda, pocketknives, fireworks, personal electronics, blow dryers or curling irons. Please help us maintain a balanced diet for campers and create a positive camp environment for all by being sure these items, and things like them, stay home. If you would like to know about a particular item please contact us.

\*We believe that summer camp is one of the few environments where children can truly be 'unplugged' from technology.

Unplugging helps kids develop face-to-face social skills and authentic personal relationships while at camp. Having a cell phone at camp will most likely prevent your camper from enjoying the full camp experience. Please help us provide this experience for your child by leaving cell phones and other screens/internet capable devices at home.

#### Dismissal Information

A participant may be dismissed from the program due to disruptive behavior, illness, or homesickness.

Children are entitled to a pleasant and harmonious environment at camp. The program cannot serve children who display chronically or severe disruptive behavior. Chronically disruptive behavior is defined as verbal or physical activity which may include but is not limited to such behavior that:

- Requires constant individual attention from the staff
- Inflicts physical or emotional harm on other children or staff
- Continually ignores or disobeys camp safety rules

- Includes use or possession of illegal drugs, alcohol, weapons, or explosives

Reasonable efforts will be made to assist children in adjusting to the program setting. If the child cannot adjust to the program setting and behave appropriately, then the child may be dismissed. Dismissal due to illness/injury will be at the discretion of the camp director and the health care staff. This may include but is not limited to contagious diseases and extended illness. ### **No Cell Phones, please**

Outside of camp, you may be used to contacting your child by cell phone. At camp, we have a “no cell phone” policy. Aside from being expensive, and easy to break or get stolen, cell phones may prevent us from helping campers settle into camp, since they may try to talk to you instead of our staff. When kids come to camp, they – and you – are allowing our staff to be their primary caretakers. This is a great act of faith for a parent, and we intend to earn and keep that trust. Sending a cell phone is akin to saying to your child that you haven't come to peace with them being in our care. It also prevents them from truly settling into the special world we create at camp.

We work diligently to partner with parents. Should your child have a challenge adjusting to camp, we will call you to explain the situation and request your advice. You can help by talking with your child before camp and telling them that there is always someone to whom they can reach out, whether it's the counselor, unit coordinator, an activity leader, nurse or even the director. We specifically introduce campers to many staff on the first day, to help them feel comfortable. We appreciate your assistance!

### **Communication After Camp**

We take the safety and well-being of our campers seriously. During camp, safety and respect are emphasized in our activities. After camp, even though campers are not under our supervision, we remain concerned about their safety. Because campers now use the Internet, cell phones, and text messaging, we appeal to you as parents and guardians to help us maintain a safe environment for your child. Please review these details; we hope you will share them with your camper, too.

### **Campers and Social Networking Sites**

Social networking sites (Facebook, Instagram, TikTok etc.) and other communication between campers can be a positive extension of the camp experience. When used responsibly, these sites are great places to exchange camp stories and keep in touch with friends.

Since we emphasize positive and respectful communication at camp, we ask that campers continue to be positive and respectful in their correspondence. This includes using appropriate language and always acting in a non-threatening manner. If the rare circumstance arises that your child receives a threatening message and you suspect the sender is a fellow camper, please contact camp administration immediately.

### **Contacting Staff After Camp**

Campers often develop positive mentor relationships with camp staff, and may want to keep in touch after summer. We have set up a communication format that benefits and protects both campers and seasonal staff. Here's how it works: If your child would like to contact a staff member, please help them write a letter to that person, and mail it to the address above. We'll forward the letter to the staff member, and encourage them to write back. Staff responses are mailed to camp, and then forwarded to you. This system keeps communication linked to camp after both campers and staff are no longer on-site. It also encourages campers to write letters – a skill we feel is important for kids to practice. We ask seasonal staff to not communicate with campers via the Internet, phone, or in person, since this is not monitored by camp. Please help us support this policy, for the security of both your child and our staff members. Summer camp is a special experience, and these measures keep it that way all year.
